

SMALL TOWN SASKATCHEWAN

LIPTON IS THE PLACE TO BE!!!

While most small town in Saskatchewan seem to be struggling, Lipton, a community of approximately 400 residents, appears to be on the move. Recently, four new businesses have moved to Lipton.

- BullDog Insulating & Stucco, owned and operated by Jon & Kelly Herrig
- Perpentine Designer/Stylist Studio owned and operated by Andria Bratten
- Ty's Excavating, owned and operated by Tyrel Behnke
- K-Sky Plumbing owned and operated by Nathan Klisowsky.

Existing businesses in Lipton have recently attracted new owners:

- Lipton Hotel – Don Wizniuk
- Sharon's Coffee & Bake Shop (formerly the Dial Confectionery) – Sharon Lutz

LEDA (Lipton Economic Development Association) and the Village of Lipton encourage and support any and all businesses that wish to locate or move to their friendly community. LEDA has programs available to assist existing/expanding or new businesses with inventory, renovations, equipment, etc. LEDA is available not only for businesses in Lipton, but also those from surrounding communities which perhaps may not have their own Economic Development Association.

LEDA Board members are as follows:

- **Garnet Smith (Homestead Ltd./The Homestead Country Shop) – 336-2336**
- **Bart Tannahill (Tannahill Insurance & Investments) – 336-2500**
- **Bob Huber (RCS Repair Ltd.) – 336-2558**
- **John Seel (Seel Painting & Decorating) – 336-2287**
- **Garth Schmidt (Alderman - Village of Lipton) – 336-2243**

The business sector of Lipton serves and is supported not only by the residents of Lipton, but also by the many surrounding communities and rural families. They are extremely grateful of the support received and very proud to be able to provide service to rural Saskatchewan, and call LIPTON their home.
